Georgian Language Tutor

GE01472667

I am a native Georgian teacher. I live in the capital city of Georgia, Tbilisi. I would like to teach you everything about the Georgian language. I am a certified experienced teacher with a bachelor's in English Philology and a Master's in Education Administration. I am in the Education field since the 2011 year. I have also experience in translation from Georgian to English and English to Georgian.

I would like to focus on every detail in the teaching process to feel comfortable learning in Georgian. Listening, speaking, more practice, and interesting lessons.

If you like to learn and communicate in Georgian, join me.
