Vacancy details

Salary: up to 3500 EUR gross

Experience: 2+ years

Work shedule: flexible

A company specializing in the development of high-quality games using artificial intelligence and innovative gameplay is looking for an experienced Unity developer to join its team.

The game studio is located in Prague, the capital of the Czech Republic. It is a finalist for the 2017 Central European Startup Award (CESA) and cooperates with specialists around the world.

The position offers you a flexible schedule and completely remote cooperation with the ability to work from anywhere in the world.

Your future tasks:

Development of game projects of various genres on Unity

Improvement and introduction of new additions to game releases of the company

Adaptation of the finished game for various platforms and operating systems

Implementation of new mechanics and game logic

Collaborative work on products with the development team and other colleagues

Requirements:

2+ years of experience in Unity development

Excellent knowledge of C#

Experience in developing games for various platforms

Solid gaming experience and understanding of the gaming industry

Passion and interest in new tasks for yourself

Specialized bachelor degree

English B1+

The company provides you:

Decent salary up to 3500 EUR gross

100% remote work

An ambitious team of professionals

Work by an employment contract

Ability to work with the modern technologies

Professional growth and learning opportunities
