Urmo Group is an EU e-commerce company that focuses on northern European countries (Lithuania, Latvia, Estonia, and Finland) and has more than 10 years of experience in the field. You can take a look at our product range at our website, www.UrmoKaina.lt

Your duties would be:

Finding and comparing products on EU e-shops, analyzing the market.

Working with EU online marketplaces.

Sourcing and supplying products from our suppliers in the EU and China.

Finding and negotiating the best prices for our company.

Communicating with our local team in the EU.

Other tasks

We teach you how to do all the tasks properly.

Requirements:

Good English skills

Good computer skills

Basic MS Excel or/and Google Sheets knowledge

Ability to find and identify similar products in different e-stores

Personal computer with internet connection for work

An advantage (but not essential):

Experience with e-commerce.

Experience with online marketplaces like Amazon, eBay, Etsy, Cdiscount, Aliexpress, Emag, Otto, Temu, Kaufland, Allegro.

Experience in a supply position

Good negotiation skills

Russian, Polish, Lithuanian, Latvian, Estonian, or Finnish language skills.

We are offering:

Remote work from home.

Flexible work schedule.

Training to do all the tasks properly.

Interesting work. We work with new, hot-selling items.

Salary: according to experience and competence, 2000-4000 GEL with the opportunity to go higher.

Working hours: full-time with a flexible schedule.

Work location: remote from home.
