Front end developer

GEO1466114

I am a skilled front-end web developer with several years of experience building responsive and user-friendly websites. I have a strong foundation in HTML, CSS, and JavaScript and am proficient in using SCSS/SASS for styling. I am experienced in using Vue.js for building interactive user interfaces and have a solid understanding of Git and GitHub for version control and collaboration. Additionally, I am a good communicator and have experience working effectively with cross-functional teams to deliver projects on time and to the highest standards. I am passionate about creating visually appealing and easy-to-use websites that deliver a great user experience.
