## Highly skilled British builder / Businessman seeks employment /georgian business partner / ventures

GEO200283

I have much experience in british construction methods being highly multi skilled and running my own business in uk for over 10 years. I have 25 years experience in the industry ,  
I am an expert Bricklayer /blocklayer and can work to any design from plan. I also have experience in plastering ,tiling  
woodwork roofs etc .

I am looking for work in construction, but will also consider business opportunities and possible investment projects  
or new ventures with a georgian partner such as shop or cafe . I have a georgian wife who speaks excellent russian  
and english who can translate if required.
